

Appl. No. 09/763,616
Amendment dated: July 19, 2005
Reply to OA of: July 6, 2005

REMARKS

Applicants have received a Notice of Non-Compliant Amendment in which it is stated that claim 42 has been omitted. Applicants had intended to cancel claim 42 in the previous Amendment filed on June 22, 2005. Accordingly, Applicants have now amended the claims to cancel claim 42 from the application without prejudice or disclaimer. Accordingly, it is believed that this Amendment is fully compliant with the rules and it is most respectfully requested that this Amendment be entered.

In view of the above comments and further amendments to the claims, favorable reconsideration and allowance of all the claims now present in the application are most respectfully requested.

Respectfully submitted,

BACON & THOMAS, PLLC
